We serve millions of patients and healthcare professionals every day and are passionate about improving patient experience and clinical outcomes. If you wish to embark on a meaningful and rewarding journey with a digital health company that's growing exponentially in the UK, and has its sights set internationally, then we would love to hear from you.

About the role:

As a Senior Java Developer, you will be leading the development of our next generation patient messaging platform, integrating with partners via Restful API and developing our new API.

Your main responsibilities will be:

- Embodies and upholds the teams technical and coding standards
- A senior engineer that can guide, mentor and influence
- At a product level potentially managing other members of the team with a strong awareness of the role of product within the organisation
- Work with different types of security (Single Sign On, OAuth 2, etc

What we are looking for:

Essential:

- 4 years + of Java backend development experience
- Clear understanding of the principles of object orientated design
- Scrum or Extreme Programming experience
- Microservices (React, Java)
- Spring Boot / Spring, Hibernate
- Test Driven Development (TDD)
- Design Patterns and Security by design
- API
- Experience working with MySQL Databases
- Excellent communication & presentation skills at all levels

Desirable skills:

- Experience using containerisation tools such as Docker and/or Kubernetes
- AWS/Azure
- Software architecture, design thinking experience

Above all, we want someone that shares our core principles. These are:

- We are Patient Centred
- We can be Trusted
- We can Deliver Quality
- We are Passionate
- We aim High

What we offer

- 25 days holiday plus bank holidays
- Birthday off
- An annual individual training budget of up to £1000
- Free breakfast
- Life insurance
- In-office pool table and conveniently located Hammersmith office

- Company Share Option Scheme, Travel Loan Scheme and Contribution towards a monthly fitness activity (on passing probation)
